

Kratos Receives \$3.9 Million in Critical Infrastructure Security System Awards

Kratos to Provide Comprehensive Security Systems for Leading Financial Institutions

SAN DIEGO, Oct. 15, 2014 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Public Safety & Security Solutions (PSS) Division has recently received \$3.9 million in new contract awards for the deployment of specialized security systems at major financial institution locations. The security system deployments will include video surveillance, access control and other security related assets. KPSS is a leader in the design, engineering, deployment, integration into command and control infrastructure, operation and maintenance of specialized security systems for the protection of strategic assets, critical infrastructure, public venues and public safety. Due to customer related and other considerations, no additional information will be provided related to this contract award.

Ben Goodwin, President of Kratos' PSS Division, said, "Protecting our nation's financial assets and infrastructure is a critical responsibility, and we are honored to have been selected for these important security system deployments."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology Company providing mission critical products, solutions and services for United States National Security. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, electronic warfare, unmanned systems, missile defense, cyber warfare, cybersecurity, information assurance, and critical infrastructure security. Kratos has primarily an engineering and technically oriented work force of approximately 3,600. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies. News and information are available at www.KratosDefense.com.
