

Kratos Key Member of Team Awarded \$450 Million Single Award MDA Missile Defense Data Center Contract

Contract Award in Support of Ballistic Missile Defense System

SAN DIEGO, Nov. 7, 2013 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](http://www.kratosdefense.com) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Defense & Rocket Support Services (DRSS) division's Digital Fusion Solutions business unit is a key member of the ASRC Federal Analytical Services Inc. team that was recently awarded the Missile Defense Agency (MDA) Missile Defense Data Center (MDDC) Indefinite Delivery, Indefinite Quantity (IDIQ) contract to provide comprehensive test product data management services across MDA in support of the Ballistic Missile Defense System (BMDS). This single-award contract has a maximum value of approximately \$450 million, with a five-year base plus five one-year options.

"Kratos is honored to be a critical part of the winning ASRC Federal ASI team, and we value our role in supporting the MDA BMDS and its invaluable defense of our nation and our allies," said Dave Carter, President of Kratos' DRSS division.

Kratos' primary role will be to provide expertise in software development and data management. In addition, Kratos will contribute to various other areas in support of the MDDC.

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology Company providing mission critical products, services and solutions for United States National Security. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, electronic warfare, unmanned systems, missile defense, cyber warfare, cybersecurity, information assurance, and critical infrastructure security. Kratos has primarily an engineering and technically oriented work force of approximately 3,900. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
