

Kratos Receives \$8.3 Million Award for Installation of Specialized Training System at a U.S. Military Base

SAN DIEGO, Oct. 25, 2011 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it has received an \$8.3 million new contract award for the design, engineering, deployment and integration of a specialized training system at a critical U.S. military installation. Under this program, Kratos security engineers and technicians will be responsible for the installation of over 200 specialized video and surveillance cameras and related systems integration. This award is the latest in a multi-year program where Kratos' Henry Brothers Electronics, Inc. business unit (Kratos|HBE) has performed similar security system contract work at U.S. military bases worldwide. No additional information is being provided due to customer specific and other sensitivities.

Ben Goodwin, President of Kratos|HBE, noted, "We are extremely pleased to continue providing our world-class video systems installation and support. Our security engineers and technicians take pride in providing system integration services for military bases and critical infrastructure/key resources (CIKR) throughout the U.S. and abroad."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 3,900, many of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies.
