

Kratos Recently Awarded \$5.7M in Key Public Safety and Security Contracts, Including Option

Awards Include \$2.4M Security System for Large International Conglomerate Manufacturing Site in U.S., Including Option

SAN DIEGO, Jun 22, 2009 (GlobeNewswire via COMTEX News Network) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading national security, information technology and public safety solutions provider, today announced that its Public Safety and Security segment has secured security system integration and access control systems integration work valued at up to \$5.7M.

A significant portion of this new business is to provide access control and security systems to a large, international conglomerate with significant manufacturing and industrial requirements in the United States. The base or initial value of this work is approximately \$1 million, with up to an additional \$1.4 million of follow on integration work and potential contract value.

The remaining \$3.3 million represents recent contract awards for Kratos to provide security systems, including video surveillance, facility access control, and other security elements and building automation technology to certain educational and industrial customers across the United States.

"We are very pleased to have just recently received these strategically significant awards," said Ben Goodwin, President of Kratos' Public Safety and Security segment. "We have spent many years establishing our reputation as a leader in this industry, and these awards are affirmation that our customers recognize our expertise and reputation."

Notice Regarding Forward-Looking Statements

This news release contains certain forward-looking statements including, without limitation, expressed or implied statements concerning the Company's expectations regarding the amount of revenue that will ultimately be recognized under the contract described in this release. Such statements are only predictions, and the Company's actual results may differ materially. Factors that may cause the Company's results to differ include, but are not limited to: risks that the customer will curtail or delay the work under the contract; risks of adverse regulatory action or litigation; failure to ultimately settle ongoing litigation; risks associated with debt leverage; risks that changes or cutbacks in spending by the U.S. Department of Defense may occur, which could cause delays or cancellations of key government contracts; failure to successfully consummate acquisitions or integrate acquired operations and competition in the marketplace which could reduce revenues and profit margins. The Company undertakes no obligation to update any forward-looking statements. These and other risk factors are more fully discussed in the Company's Annual Report on Form 10-K for the period ended December 29, 2008, the Company's Quarterly Report on Form 10-Q for the period ended March 30, 2009, and in other filings made with the Securities and Exchange Commission.
