

Kratos Receives \$26 Million in Critical Infrastructure Security Awards

Deployment of Specialized Security System for Major Mass Transit Authority

SAN DIEGO, Jan. 5, 2015 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Public Safety & Security Solutions (KPSS) Division has recently received approximately \$26 million in new critical infrastructure security awards, including the deployment of a specialized comprehensive security system for a major mass transit authority in the United States. Under these recent contracts awards, Kratos will design, engineer, deploy and integrate into command and control infrastructure specialized security systems and assets, including video surveillance, access control, physical asset protection and other security elements. KPSS is a leading public safety, security and critical infrastructure protection system integrator in the United States. Due to customer specific and other considerations, no additional information will be provided.

Ben Goodwin, President of KPSS, said, "Our entire organization is proud to have received these recent contract awards for the protection of our country's most important critical infrastructure and mass transportation networks."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology Company providing mission critical products, solutions and services for United States National Security. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, electronic warfare, unmanned systems, missile defense, cyber warfare, cybersecurity, information assurance, and critical infrastructure security. Kratos has primarily an engineering and technically oriented work force of approximately 3,600. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies. News and information are available at www.KratosDefense.com.
