

Kratos Receives \$4.7 Million in C5ISR Program Awards

November 26, 2018

SAN DIEGO, Nov. 26, 2018 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq: KTOS), a leading National Security Solutions provider, announced today that it has recently received \$4.7 million in contract awards in support of Command, Control, Communication, Computing, Combat & Intelligence, Surveillance and Reconnaissance Program (C5ISR) awards. Under these recent awards, Kratos will be providing specialized products and systems which will be produced in secure Kratos manufacturing facilities. Kratos' C5ISR focused Modular Systems business is a leading provider of customized and hardened systems and products that support unmanned aerial drone, missile defense, radar, combat, satellite and chemical, biological, radiation, nuclear and explosive (CBRNE) programs and platforms. Due to customer related, competitive and other considerations, no additional information will be provided related to these recent contract awards.

Tom Mills, President of Kratos' C5ISR Modular Systems business, said, "Kratos' demonstrated ability to rapidly address our National Security customers' requirements with affordable technology and leading solutions continues to be a key differentiator as we execute our strategy. Our entire organization is proud to have been selected to support these mission critical program requirements."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (NASDAQ:KTOS) develops and fields transformative, affordable technology, platforms and systems for United States National Security related customers, allies and commercial enterprises. Kratos is changing the way breakthrough technology for these industries are rapidly brought to market through proven commercial and venture capital backed approaches, including proactive research and streamlined development processes. Kratos specializes in unmanned systems, satellite communications, cyber security/warfare, microwave electronics, missile defense, hypersonic systems, training and combat systems.
