SAN DIEGO, March 02, 2020 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq: KTOS), a leading National Security Solutions provider, announced today that its Command, Control, Communications, Computing, Combat & Intelligence, Surveillance and Reconnaissance (C5ISR) Division has received an approximate $6.8 million contract for engineering and production of specialized tactical mobility equipment for a combat system. The combat system Kratos is supporting will be used by multiple branches of the U.S. Armed Forces.

Kratos C5ISR Division is a leading provider of products, hardware, systems and subsystems in support of unmanned aerial vehicle, high powered directed energy, missile, missile defense, radar, surface combatant and other combat and weapon systems and programs. Work under this recent contract award will be performed in secure Kratos production facilities. Due to customer related, competitive and other considerations, no additional information will be provided related to this recent contract award.

Tom Mills, President of Kratos C5ISR Division, said, “The Kratos team is proud to support this critical program, which provides enhanced capability for the expeditionary Warfighter.”
