

Kratos Turbine Technologies UK Expands its Jet UAS/Drone Capability Set with the Addition of New Key Hires

March 17, 2023

SAN DIEGO, March 17, 2023 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS), a Technology Company in the Defense, National Security and Global Markets and industry-leading provider of high-performance, jet-powered unmanned aerial systems, announced today that it is further increasing its UK-based capability by the addition of key, seasoned engineering and programme/project management personnel highly experienced in jet UAS / Drone systems.

Stacey Rock, President of the Kratos Turbine Technology Division, said, "This strategic and tactical decision and action we have taken helps position Kratos to be a part of key uncrewed aircraft system programs here in the UK and abroad. We're excited about this expansion and strengthening of our technical and programme team in this rapidly growing global defence focus arena. Joining us and supplementing the team are two experienced defence personnel who, between them, have 50+ years of successful complex programme delivery experience within the uncrewed systems arena and an unrivalled understanding of the development and delivery of uncrewed aerial systems."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS) is a Technology Company that develops and fields transformative, affordable systems, products and solutions for United States National Security, our allies and global commercial enterprises. At Kratos, Affordability is a Technology, and Kratos is changing the way breakthrough technology is rapidly brought to market – at a low cost – with actual products, systems, and technologies rather than slide decks or renderings. Through proven commercial and venture capital backed approaches, including proactive, internally funded research and streamlined development processes, Kratos is focused on being First to Market with our solutions, well in advance of competition. Kratos is the recognized Technology Disruptor in our core market areas, including Space and Satellite Communications, Cyber Security and Warfare, Unmanned Systems, Rocket and Hypersonic Systems, Next-Generation Jet Engines and Propulsion Systems, Microwave Electronics, C5ISR and Virtual and Augmented Reality Training Systems.
