Kratos Successfully Static Test Fires the Zeus 1 Solid Propellant Rocket Motor at Aerojet Rocketdyne’s Camden, Arkansas

June 21, 2023
Eric DeMarco, President & CEO of Kratos Defense & Security Solutions, said, “Kratos internally funded the development of the Zeus motors to enable rapid and affordable hypersonic testing and capabilities and to be ‘first to market’ with a highly relevant system, including as based on communications with the customer community. At Kratos, affordability is a technology and better is the enemy of good enough, and we continue to innovate using proven, existing, leading technology, systems, and Kratos’ intellectual property to rapidly bring relevant products to market to address the United States and our Allies’ National Security.”

**About Kratos Defense & Security Solutions**
Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS) is a technology company that develops and fields transformative, affordable systems, products, and solutions for United States National Security, our allies, and global commercial enterprises. At Kratos, Affordability is a Technology, and Kratos is changing the way breakthrough technology is rapidly brought to market – at a low cost – with actual products, systems, and technologies rather than slide decks or renderings. Through proven commercial and venture capital-backed approaches, including proactive, internally funded research and streamlined development processes, Kratos is focused on being First to Market with our solutions well in advance of the competition. Kratos is the recognized Technology Disruptor in our core market areas, including Space and Satellite Communications, Cyber Security and Warfare, Unmanned Systems, Rocket and Hypersonic Systems, Next-Generation Jet Engines and Propulsion Systems, Microwave Electronics, C5ISR, and Virtual and Augmented Reality Training Systems.
