

Kratos Defense & Security Solutions, Inc. Announces Proposed Public Offering of Common Stock

February 21, 2024 at 5:18 PM EST

SAN DIEGO, Feb. 21, 2024 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. ("Kratos") (NASDAQ: KTOS), a Technology Company in the Defense, National Security and Global Markets, today announced that it intends to offer for sale \$300,000,000 of shares of its common stock in an underwritten offering pursuant to an effective shelf registration statement filed with the Securities and Exchange Commission (the "SEC"). The underwriters will have a 30-day option to purchase up to an additional \$45,000,000 of shares of common stock from Kratos. All of the shares in the offering are to be sold by Kratos. The proposed offering is subject to market and other conditions.

Kratos expects to use the net proceeds to facilitate its long-term strategy, including potential investment in facilities, expanding manufacturing capacity, anticipated capital expenditures for expansion of current sole-source/single award programs and high probability pipeline opportunities, further strengthen the Company's balance sheet in anticipation of upcoming customer and partner decisions and source selection on additional large, new program and contract opportunities, for general corporate purposes, including paydown of debt, and to pay fees and expenses in connection with the offering.

Baird, RBC Capital Markets, and Truist Securities are acting as joint book-running managers for the offering. B. Riley Securities and Raymond James are acting as passive book-runners for the offering.

The securities described above are being offered pursuant to an automatic shelf registration statement on Form S-3ASR (File No. 333-277222) that was previously filed by Kratos with the SEC and automatically became effective upon filing on February 21, 2024. This press release does not constitute an offer to sell, or the solicitation of an offer to buy, these securities, nor will there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale is not permitted.

The offering will be made only by means of a prospectus supplement and the accompanying prospectus. The preliminary prospectus supplement and accompanying prospectus describing the terms of the proposed offering will be filed with the SEC. Copies of the preliminary prospectus supplement and accompanying prospectus relating to the offering may be obtained, when available, from Robert W. Baird & Co. Incorporated, 777 E. About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS) is a technology, products, system and software company addressing the defense, national security, and commercial markets. Kratos makes true internally funded research, development, capital and other investments, to rapidly develop, produce and field solutions that address our customers' mission critical needs and requirements. At Kratos, affordability is a technology, and we seek to utilize proven, leading-edge approaches and technology, not unproven bleeding edge approaches or technology, with Kratos' approach designed to reduce cost, schedule and risk, enabling us to be first to market with cost effective solutions. We believe that Kratos is known as an innovative disruptive change agent in the industry, a company that is an expert in designing products and systems up front for successful rapid, large quantity, low-cost future manufacturing which is a value-add competitive differentiator for our large traditional prime system integrator partners and also to our government and commercial customers. Kratos intends to pursue program and contract opportunities as the prime or lead contractor when we believe that our probability of win (PWin) is high and any investment required by Kratos is within our capital resource comfort level. We intend to partner and team with a large, traditional system integrator when our assessment of PWin is greater or required investment is beyond Kratos comfort level. Kratos primary business areas include virtualized ground systems for satellites and space vehicles including software for command & control (C2) and telemetry, tracking and control (TT&C), jet powered unmanned aerial drone systems, hypersonic vehicles and rocket systems, propulsion systems for drones, missiles, loitering munitions, supersonic systems, space craft and launch systems, C5ISR and microwave electronic products for missile, radar, missile defense, space, satellite, counter UAS, directed energy, communication and other systems, and virtual & augmented reality training systems for the warfighter.

Notice Regarding Forward-Looking Statements

Certain statements in this press release may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements relate to a variety of matters, including, without limitation, Kratos' expectations regarding the sale of shares of its common stock in the proposed public offering, use of the expected proceeds from the proposed public offering and other statements that are not purely statements of historical fact. These forward-looking statements are made on the basis of the current beliefs, expectations and assumptions of the management of Kratos and are subject to significant risks and uncertainty. Investors are cautioned not to place undue reliance on any such forward-looking statements. All such forward-looking statements speak only as of the date they are made, and Kratos undertakes no obligation to update or revise these statements, whether as a result of new information, future events or otherwise. Although Kratos believes that the expectations reflected in these forward-looking statements are reasonable, these statements involve many risks and uncertainties that may cause actual results to differ materially from what may be expressed or implied in these forward-looking statements including, but not limited to: risks and uncertainties related to market conditions, the satisfaction of customary closing conditions related to the proposed public offering, as well as general economic factors. There can be no assurance that Kratos will be able to complete the proposed public offering on the anticipated terms, or at all. For a further discussion of risks and uncertainties that could cause actual results to differ from those expressed in these forward-looking statements, as well as risks relating to the business of Kratos in general, see the risk disclosures in the Annual Report on Form 10-K of Kratos for the year ended December 31, 2023, and in subsequent reports on Forms 10-Q and 8-K and other filings made with the SEC by Kratos.
