

Kratos to Webcast Annual Shareholders Meeting Featuring CEO Business-Wide Update

May 7, 2025

SAN DIEGO, May 07, 2025 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS), a Technology Company in the Defense, National Security and Global Markets, today announced it will webcast a special presentation from President and CEO Eric DeMarco as part of its 2025 Annual Meeting of Shareholders. The webcast will be open to the public and will take place on Wednesday, May 14, 2025, at 9:00 a.m. PDT.

During the webcast, Mr. DeMarco will provide a comprehensive business-wide update covering Kratos' strategic priorities, operational highlights, technology initiatives, and market outlook across all divisions. The presentation will also highlight the company's progress in hypersonic systems, unmanned platforms, propulsion, space-based capabilities, and dual-use technologies.

Shareholders who have logged into the meeting with their 16-digit Control Number will have the opportunity to submit questions relevant to the matters properly addressed during the meeting after the formal business of the meeting has been conducted. Instructions for submitting questions will be provided to shareholders once logged into the meeting. The Annual Meeting is open to shareholders of record as of March 17, 2025 (Record Date) and/or their designated representatives. Interested persons who were not shareholders as of the close of business on the Record Date may view, but not participate in, the Annual Meeting at www.virtualshareholdermeeting.com/KTOS2025.

- **Open to:** All interested parties

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS) is a technology, products, system and software company addressing the defense, national security, and commercial markets. Kratos makes true internally funded research, development, capital and other investments, to rapidly develop, produce and field solutions that address our customers' mission critical needs and requirements. At Kratos, affordability is a technology, and we seek to utilize proven, leading edge approaches and technology, not unproven bleeding edge approaches or technology, with Kratos' approach designed to reduce cost, schedule and risk, enabling us to be first to market with cost effective solutions. We believe that Kratos is known as an innovative disruptive change agent in the industry, a company that is an expert in designing products and systems up front for successful rapid, large quantity, low cost future manufacturing which is a value add competitive differentiator for our large traditional prime system integrator partners and also to our government and commercial customers. Kratos intends to pursue program and contract opportunities as the prime or lead contractor when we believe that our probability of win (PWin) is high and any investment required by Kratos is within our capital resource comfort level. We intend to partner and team with a large, traditional system integrator when our assessment of PWin is greater or required investment is beyond Kratos' comfort level. Kratos' primary business areas include virtualized ground systems for satellites and space vehicles including software for command & control (C2) and telemetry, tracking and control (TT&C), jet powered unmanned aerial drone systems, hypersonic vehicles and rocket systems, propulsion systems for drones, missiles, loitering munitions, supersonic systems, space craft and launch systems, C5ISR and microwave electronic products for missile, radar, missile defense, space, satellite, counter UAS, directed energy, communication and other systems, and virtual & augmented reality training systems for the warfighter.
