

## Kratos Launches New Website, Debuts Tagline: “Readiness Delivered”

August 11, 2025

**New digital experience underscores Kratos’ mission to rapidly deliver affordable, disruptive defense hardware, software and technologies**

SAN DIEGO, Aug. 11, 2025 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq: KTOS), a technology company in Defense, National Security and Global Markets, today announced the launch of its redesigned corporate website at [www.kratosdefense.com](http://www.kratosdefense.com). The new website reflects Kratos’ bold vision and evolving identity as an agile leader delivering high-performance-per-cost systems to the warfighter—at the speed of relevance.

The site introduces Kratos’ new brand tagline, “Readiness Delivered,” which encapsulates the company’s mission-driven focus on enabling U.S. and allied defense forces to deter and defeat threats in a rapidly changing global security environment, today, affordably, and in mass.

“Our new digital presence reflects who we are today: a company that is focused on execution, delivery, and getting the job done—whether it’s hypersonics, drones, propulsion systems, or autonomous vehicles,” said **Eric DeMarco, President and CEO of Kratos**. “We exist to enable readiness affordably and at speed and scale, and that commitment is now front and center in how we present ourselves to our partners, customers, and future teammates.”

The redesigned website includes updated content across Kratos’ core capability areas—including hypersonics, unmanned systems, propulsion, and microwave solutions—and introduces streamlined navigation, an upgraded resource library, and expanded focus on career opportunities to support Kratos’ growing workforce.

The launch comes as Kratos continues to rapidly scale its operations to meet growing demand for alternative, non-traditional defense partners capable of delivering disruptive technologies quickly and affordably.

Visit the new website and learn more at [www.kratosdefense.com](http://www.kratosdefense.com).

### **About Kratos Defense & Security Solutions**

Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS) is a technology, products, systems, and software company addressing the defense, national security, and commercial markets. Kratos makes true internally funded research, development, capital, and other investments to rapidly develop, produce, and field solutions that address our customers’ mission-critical needs and requirements. At Kratos, affordability is a technology, and we seek to utilize proven, leading-edge approaches and technology, not unproven, bleeding-edge approaches, with Kratos’ approach designed to reduce cost, schedule, and risk, enabling us to be first to market with cost-effective solutions. We believe that Kratos is known as an innovative disruptive change agent in the industry, a company that is an expert in designing products and systems upfront for successful rapid, large-quantity, low-cost future manufacturing, which is a value-add competitive differentiator for our large traditional prime system integrator partners and also to our government and commercial customers. Kratos’ primary business areas include virtualized ground systems for satellites and space vehicles; jet-powered unmanned aerial drone systems; advanced vehicles and rocket systems; propulsion systems for drones, missiles, loitering munitions, supersonic systems, spacecraft, and launch systems; C5ISR and microwave electronic products for missile, radar, missile defense, space, satellite, counter-UAS, directed energy, communication, and other systems; and virtual and augmented reality training systems for the warfighter.
