Kratos Receives \$10 Million in Airborne Communications System Program Product Orders

SAN DIEGO, June 13, 2016 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it has recently received approximately \$10 million in orders for specialized products in support of a certain airborne communication system program. Kratos is a leading provider of Command, Control, Communications, Computers, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR) products and solutions in support of United States National Security, its allies and other customers' requirements. The products to be delivered under these recent contract awards will be manufactured in a secure Kratos manufacturing facility. Due to customer related and other considerations, no additional information will be provided related to these contract awards.

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a mid-tier government contractor at the forefront of the Department of Defense's Third Offset Strategy. Kratos is a leading technology, intellectual property and proprietary product and solution company focused on the United States and its allies' national security. Kratos is the industry leader in high performance unmanned aerial drone target systems used to test weapon systems and to train the warfighter, and is a provider of high performance unmanned combat aerial systems for force multiplication and amplification. Kratos is also an industry leader in satellite communications, microwave electronics, cyber security/warfare, missile defense and combat systems. Kratos has primarily an engineering and technically oriented work force of approximately 2,700. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
