

## **Kratos Receives \$7.3 Million in Awards for Specialized Microwave Assemblies Used in U.S. Intelligence, Surveillance and Reconnaissance Aircraft**

SAN DIEGO, Oct. 17, 2011 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its wholly owned subsidiary Herley GMI Eyal Ltd., located in Israel, has received \$7.3 million in contract awards to provide various complex microwave switch assemblies for a U.S. customer. These are follow-on awards for an existing customer and program. The assemblies will be used for ongoing upgrades to a U.S. aircraft. No additional information is being provided due to customer and other sensitivities.

Rich Poirier, Herley's President, commented, "GMI Eyal continues to provide steady growth and good performance. Yonah Adelman is General Manager for both of our Israeli manufacturing operations. Yonah and his team have built a strong business relationship with this customer and we expect to continue well into the future."

Herley Industries, Inc. is a leader in the design, development and manufacture of microwave technology solutions for the defense, aerospace and medical industries worldwide. Based in Lancaster, PA, Herley has seven manufacturing locations and approximately 1000 employees. Additional information about the company can be found on the Internet at <http://www.herley.com/>.

### **About Kratos Defense & Security Solutions**

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, critical infrastructure security and weapons systems sustainment.
