

Kratos Teams With SAIC for \$22.5 Million Multiple Award Contract to Provide Command, Control, Communications, Computers, and Intelligence (C4I) Support

SAN DIEGO, March 29, 2012 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](http://www.kratosdefense.com) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it was on the SAIC winning team to provide Command, Control, Communications, Computers, and Intelligence (C4I) support for systems integration engineering, planning and implementation of components and networks for Navy, joint, national and foreign military C4I systems.

Kratos will provide support services to the Command and Intelligence Systems Division of the Space and Naval Warfare Systems Center Pacific (SSC Pacific) in the areas of: C4I systems engineering, C4I system integration and operational support, C4I software applications and databases, and C4I test and evaluation, independent verification/validation, and software support activity engineering. This three-year contract includes a two-year option which, if exercised, would bring the potential value of this contract to \$22.5 million.

Vic Wilson, Senior Vice President of Kratos' Engineering & Analysis, said, "Kratos continues to provide exceptional engineering support to SSC Pacific. We are pleased to be on the SAIC team to have the opportunity to expand our support to assist SSC Pacific in providing quality C4I systems to the Fleet."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cybersecurity, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 4,100, many of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies.
