

## **Kratos Receives \$24 Million Order to Support an International Missile Program**

SAN DIEGO, April 18, 2012 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](http://www.kratosdefense.com) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Herley Industries, Inc. subsidiary has received a \$24 million purchase order from an international customer for the production and supply of three specialty microwave products for a new missile platform. This order, from an existing customer, is related to a new international missile program and was awarded to Herley's international division based in Israel. No additional details are being provided due to customer and other sensitivities.

Richard F. Poirier, President of Herley, commented, "We are extremely pleased to win this award and to continue to provide Herley products to this valuable customer. The performance of our Herley operation in Israel continues to build and strengthen our role supporting critical U.S. and international programs."

Herley Industries, Inc. is a leader in the design, development and manufacture of microwave technology solutions for the defense, aerospace and medical industries worldwide. Based in Woburn MA, Herley has seven manufacturing locations and approximately 1,000 employees. Additional information about the company can be found on the Internet at <http://www.herley.com/>.

### **About Kratos Defense & Security Solutions**

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, critical infrastructure security and weapons systems sustainment.
