

WFI Awarded \$15 Million Contract From National Wireless Carrier

SAN DIEGO, Jan 18, 2005 /PRNewswire-FirstCall via COMTEX/ -- Wireless Facilities, Inc. (WFI) (Nasdaq: WFI), a global leader in the design, deployment, and management of wireless communication networks, technology networks and security systems, announced today that it has been awarded a contract for approximately \$15 million from a major national wireless carrier to enhance their wireless network throughout the upstate New York area. The work, awarded in phases, will commence immediately and is scheduled for completion by the end of 2005.

According to the terms of the agreement, WFI will perform turnkey site modifications in preparation for 3G services throughout the client's upstate New York market. Further terms were not disclosed.

"Winning this contract award is particularly gratifying," commented Eric DeMarco, President and Chief Executive Officer of WFI. "The company that awarded this project has been an important and strategic customer of WFI for a very long time. We are fortunate to enjoy recurring and significant awards such as these, based largely on our past performance, commitment to quality and working relationship. Our continued operation with this carrier is a testament to the trust that this company and other major national carriers continue to put into the quality of work WFI provides."

About Wireless Facilities

Headquartered in San Diego, CA, Wireless Facilities, Inc. is an independent provider of systems engineering, network services and technical outsourcing for the world's largest wireless carriers, enterprise customers and for government agencies. The company provides the design, deployment, integration, and the overall management of wired and wireless networks which deliver voice and data communication, and which support advanced security systems. WFI has performed work in over 100 countries since its founding in 1994. News and information are available at www.wfinet.com. (code: WFI-mb)

Notice Regarding Forward-Looking Statements

This news release contains certain forward-looking statements including, without limitation, expressed or implied statements concerning the Company's expectations regarding future financial performance and market developments that involve risks and uncertainties. Such statements are only predictions, and the Company's actual results may differ materially. Factors that may cause the Company's results to differ include, but are not limited to: changes in the scope or timing of the Company's projects; slowdowns in telecommunications infrastructure spending in the United States and globally, which could delay network deployment and reduce demand for the Company's services; the timing, rescheduling or cancellation of significant customer contracts and agreements, or consolidation by or the loss of key customers; the adoption rate of new wireless data services; the rate of adoption of telecom outsourcing by network carriers and equipment suppliers; and competition in the marketplace which could reduce revenues and profit margins. The Company undertakes no obligation to update any forward-looking statements. These and other risk factors are more fully discussed in the Company's Annual Report on Form 10-K/A filed on September 20, 2004 and in other filings made with the Securities and Exchange Commission.
