

Kratos Awarded \$2.2 Million in Contract Awards to Deploy Specialized Surveillance, Security and Safety Systems at a Federal Agency and Other Locations

SAN DIEGO, March 14, 2012 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it has recently received \$2.2 million in new contract awards for specialized surveillance, security and safety systems for a certain Federal Government agency and at other customer sites. The security system Kratos will be designing, engineering and deploying for the government agency will be very unique in nature, in order to address the specific security requirements of this extremely important customer. Due to certain customer related and other sensitivities, no additional information will be provided related to these contract awards.

Ben Goodwin, President of Kratos' Public Safety and Security Division said, "These contract awards reflect the trust our customers have in us to be a key element of their overall security strategy. In particular, the nature of this specific government customer and the work that we will be performing is indicative of Kratos' reputation to provide comprehensive security solutions at certain of our country's most important and strategic locations."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cybersecurity, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 4,000, many of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies.
