

Kratos Receives \$9.5 Million Mass Transportation Security Contract Award

Critical Infrastructure Security System Deployment for a Major U.S. City and Metropolitan Area

SAN DIEGO, April 21, 2014 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Public Safety & Security (PSS) Division recently received a \$9.5 million change order under one of its existing critical infrastructure security system contracts. Under the contract modification award, Kratos will provide additional equipment and services related to an Electronic Security System deployment for a mass transportation authority in a major city and metropolitan area in the United States. Due to customer specific and other considerations, no additional information will be provided related to this contract award.

Ben Goodwin, President of Kratos' PSS Division, said, "The entire PSS organization is proud to continue our support for this major mass transportation customer. Kratos' PSS business is currently deploying specialized security systems at certain of our country's most important strategic assets, critical infrastructure and public venues, and this customer engagement continues to be a very high profile program within our company."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology Company providing mission critical products, solutions and services for United States National Security. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, electronic warfare, unmanned systems, missile defense, cyber warfare, cybersecurity, information assurance, and critical infrastructure security. Kratos has primarily an engineering and technically oriented work force of approximately 3,700. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
