Kratos Awarded \$22.3 Million Contract for Department of Defense Medical Records Support

SAN DIEGO, June 10, 2016 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it was awarded a contract by the Joint Operational Medicine Information Systems (JOMIS) to support the Theater Medical Information Program - Joint (TMIP-J). The award includes a base contract plus five options.

TMIP-J, is a legacy medical records system for theater and shipboard medical records, which ensures that those records are loaded into the greater Defense Medical Records system. Working with its partner, Planned Systems International, Inc. (PSI), Kratos will continue integration activities to modernize, maintain and provide incremental updates to associated information technology applications.

"As a key component of JOMIS, TMIP-J is an important effort that helps ensure that the Department of Defense's operational medicine systems are synchronized and aligned with modernization efforts," said Mike Smith, SVP of Enterprise Technology Solutions for Kratos. "It is gratifying to see the vote of confidence this recompetete win shows in the support Kratos has provided."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a mid-tier government contractor at the forefront of the Department of Defense's Third Offset Strategy. Kratos is a leading technology, intellectual property and proprietary product and solution company focused on the United States and its allies' national security. Kratos is the industry leader in high performance unmanned aerial drone target systems used to test weapon systems and to train the warfighter, and is a provider of high performance unmanned combat aerial systems for force multiplication and amplification. Kratos is also an industry leader in satellite communications, microwave electronics, cyber security/warfare, missile defense and combat systems. Kratos has primarily an engineering and technically oriented work force of approximately 2,700. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
