

Kratos Receives \$2.4 Million Contract Award to Support International Missile Defense Systems

SAN DIEGO, Nov. 30, 2011 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](http://www.kratosdefense.com) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Herley Industries, Inc. subsidiary has been awarded a \$2.4 million contract award in support of certain international missile defense efforts. Herley will provide complex Integrated Microwave Assemblies (IMAs) to an international defense customer to be used in the ground stations of critical missile defense systems. No additional information is being provided due to customer and other sensitivities.

Richard F. Poirier, President of Herley, noted, "We are extremely pleased to see the continued growth and utilization of Herley technology and components in systems used by both the U.S. military and by our international allies. This work will be performed in our Israel operation and my congratulations go to Yonah Adelman, General Manager, and the entire Herley Israel team."

Herley Industries, Inc., a Kratos Defense & Security Solutions Company, is a leader in the design, development and manufacture of microwave technology solutions for the defense, aerospace and medical industries worldwide. Based in Woburn, MA, Herley has seven manufacturing locations and approximately 1000 employees. Additional information about the company can be found on the Internet at <http://www.herley.com/>.

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 3,900, many of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies. News and information are available at www.KratosDefense.com.
