

## **WFI Awarded Network Deployment Contract From Regional Wireless Carrier Valued at Approximately \$4 Million**

SAN DIEGO, July 13, 2005 /PRNewswire-FirstCall via COMTEX/ -- Wireless Facilities, Inc. (WFI) (Nasdaq: WFII), a global leader in the design, deployment and management of wireless communication networks, technology networks and security systems, announced today that it has been awarded a multi-site, new build network deployment contract valued at approximately \$4 million from a regional wireless carrier. Work awarded under the contract is scheduled to be completed by the end of 2005.

Under the terms of the contract, WFI will conduct site acquisition, project management, installation and commissioning, microwave installation, and network optimization services for new cell sites throughout the western region of the U.S. Further terms of the award were not disclosed.

"Providing trusted and reliable network services that help our customers deliver a high quality user experience is at the core of everything that we do," said Eric DeMarco, President and Chief Executive Officer of WFI. "We are pleased to be selected as a key partner to this customer for their network investment and to extend our successful working relationship."

### **About WFI**

Headquartered in San Diego, CA, WFI is an independent provider of systems engineering, network services and technical outsourcing for the world's largest wireless carriers, enterprise customers and for government agencies. The company provides the design, deployment, integration, and the overall management of wired and wireless networks which deliver voice and data communication, and which support advanced security systems. WFI has performed work in over 100 countries since its founding in 1994. News and information are available at [www.wfinet.com](http://www.wfinet.com). (code: WFI-mb)

### **Notice Regarding Forward-Looking Statements**

This news release contains certain forward-looking statements including, without limitation, expressed or implied statements concerning the Company's expectations regarding future financial performance and market developments that involve risks and uncertainties. Such statements are only predictions, and the Company's actual results may differ materially. Factors that may cause the Company's results to differ include, but are not limited to: changes in the scope or timing of the Company's projects; slowdowns in telecommunications infrastructure spending in the United States and globally, which could delay network deployment and reduce demand for the Company's services; the timing, rescheduling or cancellation of significant customer contracts and agreements, or consolidation by or the loss of key customers; the adoption rate of new wireless data services; financial constraints on our customers that could cause us to write off accounts receivable or terminate contracts; failure to successfully consummate acquisitions or integrate acquired operations; changes in the Company's effective income tax rate; the rate of adoption of telecom outsourcing by network carriers and equipment suppliers; the rate of growth of adoption of WLAN and wireless security systems by enterprises; and competition in the marketplace which could reduce revenues and profit margins. The Company undertakes no obligation to update any forward-looking statements. These and other risk factors are more fully discussed in the Company's Annual Report on Form 10-K filed on March 31, 2005 and in other filings made with the Securities and Exchange Commission.
