

Kratos Selected by Turksat A.S. to Provide Full Motion Antenna System

SAN DIEGO, March 24, 2014 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions](#), Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Integral Systems Europe Limited (Kratos ISE UK) business unit has been selected by Turksat Satellite Communication, Cable TV and Operation Inc. Co. (Turksat A.S.) to deliver a full-motion antenna system for installation at its Gölbaşı, Turkey site.

Under the contract, Kratos ISE UK will provide a turnkey system to include the antenna tower with integrated equipment room, together with the RF system and a full-motion, full-performance 13m Ku-band antenna. Kratos ISE UK will build and test the RF system in its ground system integration facility near Newcastle upon Tyne, UK prior to installation, integration and final testing in Turkey.

"We are delighted that Turksat A.S. has selected us to provide this essential system to support their growing satellite fleet," said Andrew Smith, President of Kratos ISE UK. "The provision of complex high-performance antenna systems has been at the core of our business for decades, and we appreciate the trust they have placed in us."

For more than 30 years, Kratos ISE UK has provided high-value satellite ground systems and solutions to the global satellite community for applications including satellite control, telecommunication gateways, broadcast uplink and VSAT hubs. The company's total turnkey project capability addresses a broad spectrum of customer requirements, from RF system upgrades to complete satellite ground segment infrastructure "green field" projects.
