## **Kratos Awarded \$8 Million Contract to Provide Contractor Logistics Support for Naval Training Devices**

SAN DIEGO, May 05, 2016 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it was awarded an \$8 million contract to provide logistics support for naval training devices for an unnamed international customer. Under the awarded contract, Kratos will provide lifecycle support, including operational assessments, engineering and maintenance for the customer.

"This award extends Kratos' global growth in training solutions for defense systems and applications," said Jose Diaz, Senior Vice President of Kratos Training Solutions. "Effective training is essential in this arena because these are important naval platforms for our customer, and they represent technologies and domains where Kratos has considerable expertise. It is gratifying to receive this award so closely on the heels of recent multi-million dollar contracts awarded for virtual reality technologies and technology-enabled language training for other international customers."

### **About Kratos Defense & Security Solutions**

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a mid-tier government contractor at the forefront of the Department of Defense's Third Offset Strategy. Kratos is a leading technology, intellectual property and proprietary product and solution company focused on the United States and its allies' national security. Kratos is the industry leader in high performance unmanned aerial drone target systems used to test weapon systems and train the warfighter, and is a provider of high performance unmanned combat aerial systems for force multiplication and amplification. Kratos is also an industry leader in satellite communications, microwave electronics, cyber security/warfare, missile defense and combat systems. Kratos has primarily an engineering and technically oriented work force of approximately 2,700. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
