

Kratos Awarded up to \$4.6 Million in Contracts to Provide Specialized Equipment in Support of an International Radar Program

SAN DIEGO, Dec. 28, 2012 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](#) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Unmanned Systems Solutions (USS) division has recently been awarded a contract totaling \$4.6 million if all options are exercised to provide specialized equipment in support of a radar system program for an international customer. The equipment is being designed, engineered and produced in a secure Kratos manufacturing facility. No additional information is being provided due to customer and other sensitivities.

Richard Selvaggio, President of Kratos Unmanned Systems Solutions, commented, "We are extremely proud to have received this contract award from this important customer. Our division is focused on expanding and growing Kratos' international business with our unique product portfolio in the missile system, missile defense, aerial drone and targets areas. Approximately 30% of Kratos' overall corporate-wide business and revenue today is not U.S. Department of Defense funded, including approximately 10% that supports international customers' security needs."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, and critical infrastructure security. Kratos has primarily an engineering and technically oriented work force of approximately 4,400. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
