

Kratos Public Safety & Security Solutions Division Appoints Guerry Bruner as New Southeast Regional Sales Manager

SAN DIEGO, June 20, 2012 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, today announced that its Public Safety & Security (PSS) Division has appointed Guerry Bruner as the new Southeast Regional Sales Manager. In his new position, Mr. Bruner will lead the region's sales activities and initiatives.

Mr. Bruner brings twenty-seven years of security experience to Kratos PSS, having first spent five years in law enforcement and entering the integrated security systems industry in 1985. During his first eleven years in the industry, he served as the Southeast Region Manager for successful local Atlanta integrators Ackerman Security and Facility Robotics, and national integrator JWP Electronic Systems. In 1996, Mr. Bruner joined Software House as its Southeast Area Sales Manager and quickly moved into the position of Eastern Region Sales Manager, covering the U.S. eastern region and Canada. In 2004, he joined Atlanta-based Tech Systems, Inc. as the Vice President of Sales and led the company to become a Cisco Advanced Technology Provider for Physical Security partner. Mr. Bruner joined global systems manufacturer Gallagher Security in 2008 as Regional Sales Manager and then as Director of Sales for Access Control, North America.

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyberwarfare, cybersecurity, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 4,100, many of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies.
