

Kratos Receives \$10 Million Single Award Contract for Specialized Critical Infrastructure Security and Surveillance System

SAN DIEGO, Jan. 18, 2012 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](http://www.kratosdefense.com) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it has recently been awarded a \$10 million single award contract for the design, engineering and deployment of a specialized security and surveillance system, to be deployed at a critical infrastructure location in the United States. Kratos will also integrate the new security system into command and control infrastructure to provide security and safety personnel real-time situational awareness of the security and threat environment at the site. Due to the sensitive nature of this security system deployment, location and other considerations, no additional information will be provided.

Ben Goodwin, President of Kratos' Public Safety & Security Division, said, "Kratos and the entire PSS organization are extremely proud and honored to be awarded this contract to deploy a very unique and specialized security system at one of this country's most preeminent public locations. We believe that Kratos PSS is differentiating itself as the premier critical infrastructure and strategic asset security system integration company in the industry today."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 4,100, many of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies.
