Kratos Receives \$6 Million in Contract Awards to Deploy Specialized Security System for Mass Transportation, Rail and Critical Infrastructure

SAN DIEGO, April 11, 2013 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](#) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Public Safety & Security Solutions (PSS) Division has recently received contract awards to provide specialized security systems for certain mass transportation, rail and other critical infrastructure. Included in the specialized security systems, Kratos will deploy surveillance and other security related assets, which will be integrated into a command and control infrastructure. Kratos' PSS Division designs, engineers, deploys and integrates into command and control systems unique and specialized security systems that protect the United States' critical infrastructure and strategic assets. Due to customer related and other considerations, no additional information will be provided regarding these contract awards.

Ben Goodwin, President of Kratos' Public Safety & Security Solutions Division, said, "Kratos PSS provides security solutions to certain of our country's most important rail and transportation infrastructures, and our entire team is proud to have been selected for these critical infrastructure security deployments."

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, electronic warfare, unmanned systems, missile defense, cyber warfare, cybersecurity, information assurance, and critical infrastructure security. Kratos has primarily an engineering and technically oriented work force of approximately 4,300. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies. News and information are available at www.KratosDefense.com.
