

## **Kratos Receives \$17.2 Million in Electronic Attack Platform Related Contract Awards**

SAN DIEGO, Jan. 24, 2012 (GLOBE NEWSWIRE) -- [Kratos Defense & Security Solutions, Inc.](#) (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that its Herley Industries, Inc. subsidiary has received multiple awards valued at \$17.2 million for the production of specialty electronic products and components for a certain critical U.S. electronic attack platform. These awards, from an existing customer, are related to a continuing long term electronic attack and electronic warfare program, with the production of these specialized products involving two separate Herley secure manufacturing facilities. No additional details are being provided due to customer and other sensitivities.

Richard Poirier, Herley's President, commented, "These awards are the latest significant awards received from this prime contractor for Integrated Microwave Assemblies (IMA). Herley has participated on this program for many years and continues to be a valued supplier with the expertise capable of providing these sophisticated subsystems for this U.S. Navy aircraft."

Herley Industries, Inc. is a leader in the design, development and manufacture of microwave technology solutions for the defense, aerospace and medical industries worldwide. Based in Woburn MA, Herley has seven manufacturing locations and approximately 1000 employees. Additional information about the company can be found on the Internet at <http://www.herley.com/>.

### **About Kratos Defense & Security Solutions**

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a specialized National Security technology business providing mission critical products, services and solutions for United States National Security priorities. Kratos' core capabilities are sophisticated engineering, manufacturing and system integration offerings for National Security platforms and programs. Kratos' areas of expertise include Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR), satellite communication systems, unmanned systems, cyber warfare, cyber security, information assurance, critical infrastructure security and weapons systems sustainment. Kratos has primarily an engineering and technical oriented work force of approximately 4,000, the majority of whom hold an active National Security clearance, including Secret, Top Secret and higher. The vast majority of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are United States Federal Government agencies, including the Department of Defense, classified agencies, intelligence agencies and Homeland Security related agencies. News and information are available at [www.KratosDefense.com](http://www.KratosDefense.com).
